MEINHARDT IN FOCUS

Ending 2018 on a high note, **Meinhardt Thailand hosted its annual Christmas Cocktail party on 27th November at the Park Hyatt Bangkok.** Attended by over **700** of Meinhardt’s valued clients and associates, the event was a great success. Our guest speaker this year was Mr. Charles Blocker, CEO of InVision Capital - a longtime friend and partner of Meinhardt in the property industry. Charles shared his views and experiences working for more than 20 years in the Bangkok investment and property sector and more recently on the Eastern Seaboard.

“This year, our 28th Anniversary has been another good year for Meinhardt, with several valuable projects awarded to us across various sectors here and in a number of neighbouring countries. We thank all our clients and partners and look forward to expanding our presence wider in the year 2019.”

John Pollard - Regional CEO South Asia / Managing Director, Meinhardt Thailand

For those that attended, thanks for making it a great night; see your photos at <http://www.meinhardt.net/news/meinhardt-thailand-xmas-cocktail-party-2018-2/>. For those that couldn’t make it, there’s always next year!

PROJECT IN FOCUS

Asset World Retail, a subsidiary of Asset World Corporation (TCC Group) recently launched “**Gateway at Bangsue**”. The 4 billion baht community mall, sits on 10 Rai of land and has a constructed floor area of 95,000 sq.m., accommodating over 400 stores for individual tenants.

Meinhardt Thailand provided C&S and MEP Engineering Design together with Project and Construction Management services. Khun Theera Wattanasup, Director of the project recently attended the Grand Opening event and wishes Gateway at Bangsue a prosperous business ahead.

STAFF IN FOCUS

Supol Akkara-Areesuk, is an Associate Director and C&S Team Leader. He joined Meinhardt Thailand since 1997, and has over 22 years of structural engineering experience on many types of projects, including high-rise building, factories, and renovations/alterations; Khun Supol and his team were responsible for the design of the civil and structural engineering of Gateway at Bangsue, our featured project this month.

“Working at Meinhardt allows you to experience different types and sizes of projects. Meinhardt offers the opportunity for all our staff to work on challenging projects. Solving complex problems is rewarding for both clients and staff alike.”

*Supol Akkara-Areesuk
Associate Director and Civil & Structural Team Leader*

FACT IN FOCUS

Did you know: Engineers solve practical problems by applying mathematical and scientific knowledge. The word engineer comes from a Latin word meaning 'cleverness'.
